The Dominion

Co-operative Home

Building Association,

It is false economy for any one to refuse
a contract with us because they may have
to wait a few months before it matures.
Work it out on the basis of your rent. We
will present it on the basis of a thousand
dollar contract. On this you pay \$2.50 per
month. If you have to wait six months the
aggregate would be \$15.00. Twelve dollars
of this amount with 5 per cent added, is
yours, and credited on the purchase of your
home. Your contract has now matured and
you are entitled to your home. Your present
rent ceases. In place of which you pay
us ONLY FIFTY CENTS PER MONTH
FOR RENT AND INTEREST, and \$5.00
per month on the purchase of your home.
Figuring the amount you save between
your present rent and what you would pay
after your contract matures, how long
would you be making up the amount paid
during the few months you had to wait?
Be wise and take a contract today.

PROTOCOL SIGNED.

Agreement with China Arranged With
Powers.

London, Aug. 18.—In a despatch from
Shanghai, the correspondent of the
Times says the protocol of the tariff
treaty was signed yesterday (Saturday)
by the British, United States, German
and Japanese representatives, without
reservation, and by the Austrian, Bel-
gian and Dutch representatives without
adopted referendum.

This action, continues the Times cor-
respondent, was principally due to the
United States commissioner, F. S. Shar-
retts, desiring to conclude the business
before returning to the United States.
The Chinese commissioner, lacking im-
perial sanction, did not sign the protocol,
therefore, if China rejects it, the signa-
tures affixed yesterday will be void. The
document provides that the new tariff
becomes operative November 1. Portu-
gal, adds the correspondent, complicates
the situation by claiming a concession
of two small islands near Macao, and
the right to build a railroad from Macao
to Canton, as a quid pro quo for her ac-
ceptance of the new tariff. This inci-
dent, says the representative of the
Times, illustrates the difficulty under-
lying this whole question.

PERISHED WITH HUR.

St. John, N. B., Aug. 18.—Today at
Midway, Albert county, N. B., Oliver
Gough, a well known farmer and his
wife were burned to death. Gough lit
a fire on rising and went to the barn,
leaving wife and daughter asleep. The
daughter was aroused by the fire and
arose to find the house in flames. Gough
rushed back to his wife's room to save
her, but both perished in the flames.

reached a climax, when he received cus-
tomers in his shop Saturday, and im-
mediately locked the door and charged
the customers with being crazy. He also
agreed he was himself crazy, and be-
gan reciting love troubles. This latter
it seems has been his hobby. He is a
notion he is being wronged by all in

Toronto, Aug. 18.—An Evening Tele-
gram London special cable says that
Premier Ross, of Ontario, has sailed for
home. In an interview he said that
within a year the Australian and Cana-
dian steamship lines will be working
under a co-operative system. This would
benefit the Empire more than strenuous
competition. The new South Africa
steamship service, Mr. Ross said, would
probably mean the early inauguration of
a fast mail service between England
and Canada.

BANK WRECKER SENTENCED.

Andrews Gets Fifteen Years With Hard
Labor.

Detroit, Aug. 18.—Judge Murphy, in
the recorder's court, today sentenced
Frank C. Andrews, who was found
guilty on Saturday of having mis-ap-
propriated funds of the wrecked City
Savings bank, to 15 years at hard la-
bor in Jackson prison. Andrews never
winced when sentenced. He was taken
back to jail immediately.

CLOSING THE SCHOOLS.

Authorities Gradually Having Their
Way.

Brest, France, Aug. 18.—After a long
resistance, the closing of the school at
Ploudaniel was effected by the authori-
ties today. The school at Gogolet was
also closed.

The Temps says that Commandant Le
Roy Ledurac, of the 19th infantry, who
refused to obey an order to aid in clos-
ing unauthorized schools, has been placed
under arrest.

After their repulse at the garden wall
at the school at Ploudaniel, the com-
missionaries retired to wait reinforce-
ments. In the meantime Senator Pichon
and Counsellor-General Subign persuaded
the defenders of the school to open the
doors. After this had been done, the
sisters walked to the church, accom-
panied by the ovations of the crowd.
The missionaries entered the school
and made an inventory of the property.
They then sealed the doors.

In the course of the rioting two gen-
darmes were slightly wounded. The
leading inhabitants of Ploudaniel have
taken the expelled sisters to their homes.
Similar, though less violent, scenes at-
tended the closing of the schools and
the expulsion of the sisters at Polgoet
and Saint Mon.

Salmon Are

Night.

Prince Chen Received in Van-
couver.—Japanese Fisher-
man Drowned.

From Our Own Correspondent.

Vancouver, Aug. 18.—Owing to last
night being a bright moonlight night the
fish avoided the nets. They were run-
ning freely in English bay, but were
difficult to gill. The average on the
river was 20 to the boat. Nine canneries
reported as follows: English Bay,
average 10; Richmond, average 10; Cel-
tic, average 30; Dinmore, average 33;
Phoenix, average 10; Beaver, average
21; Gulf of Georgia, average 29; Cleve-
age, average 18; Wellington, average 17.

Prince Chen, of the reigning house of
China, is here. In a speech, answering
petitions presented by the Chinese Re-
form association, the prince said he fa-
vored the Chinese reform movement in
North America.

Another drowning accident on the
Fraser river is reported. A Chinese
fisherman fell from his boat at Eagle
pass cannery and disappeared before he
could be rescued.

The cranberry industry is becoming quite
important in Vancouver. A cranber-
ry, of which no public notice has been
taken, is running full blast near the
sugar refinery. Ten fishermen supply the
cannery, getting 25 cents a dozen for
all crabs caught by day or night. Other
independent fishermen are making good
money by selling direct to hotels and
fish depots. One of these fishermen
said to the Colonist's correspondent that
he had come to Vancouver three months
ago, and having nothing to do and no
friends, was told half jokingly by one
man to whom he applied for work, that
he had nothing for him but that no man
need be idle in the country. He went
out and catch crabs and make a liv-
ing. Taking take advice literally, he
went out and caught crabs. He caught
three dozen in half an hour, and taking
them to the Hotel Vancouver, got 40
cents a dozen for them. This opened his
eyes, and he canvassed the city for or-
ders. He has now another man engaged
and is doing a large business, selling all
he catches at 40 cents. He states that
he calculates to catch \$5 worth in an
hour and a half, and he is so well ac-
quainted with the habits of the crabs
that he is best fitted to catch them. He
could supply five times as large a
market as he does.

Sensation

Young New York Man Puts Two
Bullets Through His
Head.

Belief That His Marriage With
Miss Van Allen Was
Broken off.

He Chose Reading Room of
Fashionable Hotel for His
Suicide.

Newport, R. I., Aug. 18.—R. R. Rem-
ington, of New York, committed suicide
by shooting in the reading room on
Bellevue avenue here this afternoon.

Mr. Remington was engaged to marry
Miss May Van Allen, daughter of Jas.
J. Van Allen, of this place. It is thought
that he was dissatisfied over matters
of a private nature, but his friends do
not know the conditions. It was an-
nounced recently that his marriage to
Miss Van Allen had been indefinitely
postponed. Mr. Remington was about
40 years old, and was at the head of the
Remington Advertising Agency, a New
York concern. He had been staying at
the La Forge house, from which he took
a walk early this afternoon. He went
to the reading room at about 2 o'clock,
and was in the library alone when he
fired two shots from a revolver, striking
at a spot between the eyes. The bul-
lets penetrated the brain and death is
thought to have been instantaneous.

The report of the suicide caused a
great shock to the Newport residents in
this city, to whom Mr. Remington was
well known, as he had been closely
identified with all the social world here
for the last seven or eight years. His
engagement to Miss May Van Allen had
been the topic of conversation for some
months. At first it was denied, and
then affirmed, and it is generally be-
lieved that there was a delicate engage-
ment between the young people up to
within the last three weeks, when it
was broken.

Since then Mr. Remington has been
very quiet. A Japanese, although
when asked about the engagement he
stoutly affirmed that he was to be mar-
ried in the fall. He left the city about
a week ago, breaking up his arrange-
ments here and setting away at his
effects. Last Thursday, however, he
suddenly returned to Newport. He had
frequented the reading room, which is
the lending club of Newport, and a gen-
eral lounging place for the men of the
summer colony, but had kept aloof, and
it seemed to be his desire to be left
alone.

route lying between the Victoria, B. C., and
the Similkameen river, a distance of
nearly one hundred miles. The survey
crosses the international boundary at
several points.

German Wainko, barber, Extension,
brought here today by Provincial Con-
stable Hodgson, and will be taken to
the asylum at Westminister tomorrow
by Constable McIndoo as a result of ex-
amination by Drs. Davis and Drysdale.
Wainko has shown signs of being some-
what demented for some time. This
reached a climax, when he received cus-
tomers in his shop Saturday, and im-
mediately locked the door and charged
the customers with being crazy. He also
agreed he was himself crazy, and be-
gan reciting love troubles. This latter
it seems has been his hobby. He is a
notion he is being wronged by all in
extension regarding a girl whom he
claims to be in love with.

ONTARIO PREMIER.

Gives His Views on the New Steamship
Lines.

Toronto, Aug. 18.—An Evening Tele-
gram London special cable says that
Premier Ross, of Ontario, has sailed for
home. In an interview he said that
within a year the Australian and Cana-
dian steamship lines will be working
under a co-operative system. This would
benefit the Empire more than strenuous
competition. The new South Africa
steamship service, Mr. Ross said, would
probably mean the early inauguration of
a fast mail service between England
and Canada.

"WHAT HO"

A cigar in his mouth, and a glass in his hand.

A swagging young gent was hurrying by on Government street.

He glanced in the window of seventy-nine, To see that his tie was not in a line.

With his ear.

But that little glance sideways made him forget.

Every else, but what his eyes met.

In that window.

Things that he saw there made his eyes shine.

With a look that said plainly, "By Jove, how fine."

Are C. and C.'s goods?"

Passersby wondered what was up with the man.

Whose coat tails they saw disappear as he ran.

Into the shop.

Down to seventy-nine now do take a walk.

And you'll never regret having taken that stalk.

Tis to smokers and bachelors I give this advice.

For C. and C.'s goods are the lowest in price.

Fire Drill.—The Fire department had a drill last evening with the aerial truck. The whole department turned out.

Band Concert.—The City Band played at Beacon Hill on Sunday afternoon, rendering a pleasing program, which was enjoyed by a large number.

Moonlight Excursion.—A moonlight excursion by the Victoria Terminal railway and steamer Strathcona was held last evening under the auspices of the ladies of the Centennial Methodist church.

Labor Day Orator.—The Rev. Elliott S. Rowe has been extended an invitation by the Trades and Labor council of Nanaimo to be present at their Labor Day celebration, and deliver an address in the evening.

Another Run.—Quite a number of salmon were caught by campers and others at Trout Bay yesterday afternoon. The fishers had most luck in the vicinity of Trial Island, where also nearly all the catches have been made this year.

Police Court.—Yesterday morning Robert Pearce was charged with being a vagrant, and his case was remanded until this morning. A warrant was issued for the arrest of Rennie Florence, who had neglected to appear at a summons which had been issued.

Strike Settled.—At a meeting of the Boiler-makers and Iron Ship-builders' union, held in Labor hall last night, the recommendation of the committee which met Mr. Seabrook, manager of the Albion Iron Works, to arrange for a settlement of the difficulty existing between the union and the Albion Iron Works, was adopted, which means that the strike has ended, and hereafter the boiler shops of the Albion will be known as union shops.

For the Fete.—Contributions are asked for the garden fete to be given tomorrow at the Douglas gardens by the Women's Auxiliary and the Daughters of the Royal Jubilee hospital. The committee made candy and articles for the "fish pond" may be sent on Tuesday to care of Mrs. A. J. Smith, 36 Superior street, or on Wednesday to the gardens. Cakes, sandwiches, stew, coffee, sugar, milk, fruit, flowers and plants will be gratefully received by the committee on Wednesday morning at the gardens.

Mongolian Pupils.—Two Chinese boys joined the infants' class at the Boys' Central school yesterday, and as they are pretty husky lads, the discrepancy as to height between them and their little classmates was the source of much merriment on the school ground. The advisability of entering Chinese as scholars who do not know a word of English is open to question, and however much they may be entitled to an English education, there seem to be good grounds for drawing the line at teaching them to talk.

Youthful Peccadillo.—Capt. Lewis, of the shipping office, reported to the police yesterday that someone had on Saturday last walked off with a canoe belonging to him. Upon investigation the police discovered that a young lad had, during the afternoon and while there were a number of people about in the immediate vicinity, taken the canoe to the end of the wharf and left it there.

Garden Fete.—The garden fete to be held at the Douglas gardens on Wednesday afternoon has been a pronounced success. It will be under the auspices of the Women's Auxiliary society and the Daughters of the Royal Jubilee hospital, and is in aid of the working funds of these societies. The City band will play from 1 to 6 p.m. and the band of the Fifth Regiment from 8 to 10 p.m. Tea and coffee will be served by the ladies, and ice-cream, fruit punches, etc., by Mr. and Mrs. W. H. Jones. Candy, flowers, Indian curios, etc., will be in charge of the Daughters of the Royal Jubilee hospital, and Mr. and Mrs. C. A. Barry will superintend another attraction.

Tourist Association.—The following visitors called at the Tourist rooms Saturday and Monday: T. G. Long, Portland, Ore.; Mr. and Mrs. James Eddy, Winnipeg, Man.; Misses Jack Henderson, Hawick, Scotland; Mr. L. A. Grant, Los Angeles, Cal.; Mr. A. McKenzie, Portland, Ont.; J. F. Mills and wife, Grand Forks, North Dakota; Harland M. Bell, Chicago, Ill.; Mr. and Mrs. L. M. Woodroffe, Chicago, Ill.; Mr. and Mrs. T. C. Cannon, Sioux City, Iowa; Miss G. Gibbs, Everett, Wash.; Miss E. Gibbs, Monticello, Minn.; M. R. Holm, Grand Forks, N. D.; Mr. and Mrs. Frank P. Hogan, Spokane, Wash.; Mr. and Mrs. W. G. Alexander, Toledo, O.; Rev. CONSEQUENCE OF THROWING STONE.

Young Lad Loses Sight of One Eye as Result.

Another victim to the deadly stone-throwing epidemic of the rising generation has been reported, and this time the result of this most reprehensible of the many faults of the small boy is that one of their number will lose the sight of one of his eyes. The incident occurred about four weeks ago, when young Leslie, son of W. H. Ellis, was playing with a number of boys in the vicinity of South Park school.

Young Leslie, who was hit in the eye, was Fred, thrown, it is said, by a lad named Fred. Both the latter was some distance behind the other boys, at whom he was throwing stones, and the unfortunate boy who was hit, ran in front of him in an effort to escape one of these missiles in the eye, a sharp point of the stone striking the cornea and apparently perforating it. A portion of the interior membrane came in the surface of the eye, with the result that the lad is in danger of losing the sight of that eye altogether, and the best that can be hoped for is that a portion of the membrane will be saved. The incident has attracted the attention of Dr. Campbell, the well known eye specialist of Vancouver.

The practice of stone-throwing is altogether too prevalent among the boys of Victoria, and parents and school teachers should seriously use all endeavors to put the practice down by punishing every boy, great or small, guilty of throwing stones. If they do not, the boys or into the woods and throw to their hearts' content, but offenders who in the city limits should be punished or handed over to the police.

Seattle Would Reap Unfair Advantage Over the Other Coast Cities.

As there appears to be some misunderstanding as to the identity of the White Pass & Yukon Railway company, the following particulars may be useful at this juncture:

In the first place the company is almost entirely a British one, although the management of the concern is in the hands of officials located at Seattle; certainly the great bulk of the capital was subscribed in England. There is a local board of directors for Victoria, composed of Wm. Watson, H. M. Hill, W. A. Ward and J. H. Graves, and Robert Cassidy, K. C., is secretary.

The White Pass Railway company operates under three original charters, two of which are Provincial and Dominion charters, and the other a United States one—that referring to the eighteen miles of rails over the disputed territory between Skagway and the proposed boundary of the entire line, which is the only railway into the Yukon, in the hands of Seattle officials.

The other two charters acquired by the White Pass people were, first, that granted to the British Columbia & Alaska railway, covering the route from the point reached by the Pacific & Arctic railway at the international boundary, across the northern portion of the province of British Columbia, to the boundary of the Northwest Territories; and the second charter, that of the British Yukon company, which is empowered to build from the last-mentioned point to Skagway. Of this latter distance only the line to White Horse has as yet been constructed.

Thus it will be seen that not only is the line practically operated throughout its entire length under British charters, but British capital almost altogether is interested in the undertaking. As in view of this fact merchants of Victoria protest that it is unfair that, apart from a proposed traveling representative, the company should have no business representative in this province. As pointed out by one of the members of the Board of Trade, the advantage given Seattle merchants through that city being the only Coast point having a representative in the undertaking, is a change looks very much like an attempt at retaliation on the part of the White Pass railway people at Seattle for the attention paid to the matter of their freight tariff by the authorities at Ottawa.

Then, again, if a traveling representative is necessary, might not the company have at least selected a Victoria or a Vancouver man? Why is it necessary that an outsider should be given the appointment? As pointed out by a merchant yesterday, the proposed change looks very much like an attempt at retaliation on the part of the White Pass railway people at Seattle for the attention paid to the matter of their freight tariff by the authorities at Ottawa.

The Vancouver press notes the fact that the Board of Trade of that place had passed a strong protest against the proposed action of the railway com-

The Empress For the Orient

Big White Liner Passes Out
On Her Way to the Orient.

Reported That Messrs Bullen
Have Been Awarded Contract
to Repair Amphion.

The C. P. R. M. S. Empress of Japan, arrived from Vancouver shortly after 7 o'clock last evening, and sailed on her way to the ports of China and Japan. She carried a full cargo and the usual number of passengers, but very few Orientals, this being a little early in the season for the exodus of Chinese, who having earned a competence in Canada and America go across to their native country to spend it. Only six Chinese and four Japs joined the vessel here, and there were very few more from Vancouver. Three cabin passengers looked passage from Victoria, Mr. and Mrs. C. Parsons, and Miss A. K. Samner, all three being bound for Hongkong. The other passengers on the boat included Prince Tsia Chen, who went to London to attend the coronation, Sir Leung Shing, appointed to be minister at Washington, but who was recalled before he reached his post, and Sir Henry Blake, governor of Hongkong, and Lady Blake, Sir Henry and Lady Blake spent several days in Victoria waiting for the steamer, and joined her here. The full list of passengers follows: Prince Tsia Chen, Stewart Grant, Mr. Schwabacher and wife, V. L. Savage, Hon. Aubrey Herbert, Judge Casey, C. Brunet, Ernest Frave, H. W. Andrews, Sir Henry Blake, Lady Blake, Miss Blake, Rev. and Mrs. Parkes, Mrs. Francis Conner and two children, Laura A. Wile, Alice Balton, Miss Killman, Mrs. Rothchild, Mr. Ponsbury, F. C. Vandier, Mrs. Van dyke, Frank L. Bapst, Mrs. Bapst, Mr. and Mrs. Marselis, C. Parsons, Miss A. Syden Stricker, Mrs. Stricker and family, Miss Willette Eastman, Miss Lulu H. Boyd, Miss Bessie Gray, Miss Mitchell, Miss Bull, Miss Susan A. Searle, Mrs. Guest, nurse and child, Mrs. Pierce and boy, Mr. and Mrs. Suter, Mr. and Mrs. Bly, Gertrude Hires, R. J. Stewart, W. Jew, C. G. Mease, D. S. Grant, Miss Hamper, Miss F. Bennett, Miss C. H. Biles, Miss J. F. Biles, Professor J. H. Biles, A. S. Gorden, H. C. Bauld, Edward De Gault, Dr. Heistray, Shugo Suzuki, G. E. Hall, Major S. G. Everett, A. Wilson, R. C. Wilson, P. Westendorp, Dr. James M. Tommoeller, George S. Miller, M. E. Sandall, H. H. Lowe, A. Rosenfeld, A. Beaudry, V. Re-Opening Of Public Schools

Commencement Day Exercises at South Park as Usual Very Interesting.

Prospects That All City's Schools Will Be Crowded This Term.

Yesterday was "commencement day" for the city's graded schools and the opening of the school year on the part of superintendents and teachers as to how to make the first school year a success. From all three of the main schools of the city yesterday came the first note of warning to the ratepayers that before another six months additional will have to be made to the grading school term. This term has been a success. The term has seen an addition of three teachers to the pedagogic forces under the direction of Supt. Eaton, which gives three more classes at the Central school. But it is very probable that one or two of the class rooms of the just completed High school may have to be borrowed in order to ease the pressure in the adjacent old building.

Returns of the attendance from the principals of the schools was not available yesterday, the staff being more concerned with organizing the pupils than with their enumeration, but both North Ward, Central, and South Park report a larger number present yesterday than usual at the opening of the term, with every indication that as soon as the summer vacation is over the extra weight on her deck caused the spot weakened by the blow on the rocks to give. The vessel was lying with her bow on the bank and her forward parts are still out of the water, while the stern lies in about nine feet. The Mount Royal left for the scene of the wreck, and it was the expectation that the vessel would be floated by today at the latest. Last evening Mr. Cunningham received a telegram from C. P. Morison, at Hazelton, saying that he had every hope of getting the steamer up soon.

With the exception of the Lowe Line, Princess Royal, Alert Bay and Namu canneries, which have sailing licenses, all the canneries in the North have discontinued operations, and a large number of Chinamen, Indians and a few whites, who have been working in the canneries, came down on the steamer. She also brought a large number of salmon, and two carboys of salt salmon, which was landed at Vancouver for shipment East.

The packs so far reported are: Dr. J. Kinsquitt and Namu canneries, 12,500; Mr. Lord's British-American and North Pacific canneries, Skeena river, 37,300; Naas Harbor and Mill Bay, 16,500 cases; Aberdeen, about 17,500 cases; Standard, 12,200 cases; Cunningham's, 17,500 cases; and Wallace Bros., 19,000 cases. Probably the smallest pack of the Bella Coola canneries, which had 2,700 cases.

Arrangements were being made at Port Essington for a second celebration of Victoria Day on Friday last. It will be remembered that the event was celebrated on the date originally set, the residents not knowing that the date had been changed.

COAST STEAMER IN.

Queen City Returned Yesterday From Alouset and Way Ports.

The officers of the Queen City, Capt. Townsend, which returned yesterday from what is termed her short trip along the West Coast, had very little to report, the voyage having been uneventful. As passengers on the down trip they had Prof. McMillan and 35 botanists from the University of Minnesota, who have been spending their summer vacation at the station at Port Renfrew, established last year. Other passengers were Major Murray, Miss Murray, Miss Millard and Edward Vigor, who have been spending a holiday at Alberni; Mrs. Jackman and Mrs. Williams, Mr. Schaper and Mr. Cannan, from San Juan; Miss Hill from Vancouver; Mr. Gaulton from Esquimalt; Messrs. H. E. Newton, Bart, Jones, McInnes, Ward and Pierce, Mesdames Brewster and two children, Huxtable, and Mrs. Laing.

MARINE NOTES.

Ship Marion Woodside commenced loading salmon at the Outer docks yesterday. After taking on two thousand cases here she will proceed to New Westminster to continue loading.

Chilian bark India, Mayan master, 56 days from Antofagasta for Chemainus, where she loads lumber, was towed into the docks yesterday. The Lorne took her to Chemainus last evening.

Among the Victoria passengers on the City of Puebla, which sailed Sunday evening for San Francisco, were: W. F. Pitzer, Miss E. R. Bennett, Miss L. W. Ford, Miss M. A. Myrick, Miss F. W. Hall, Mrs. Bryer, Miss N. Kelch, Arthur Collinson and Dr. Rutherford and wife.

A cablegram to the Merchants' Exchange, San Francisco, says that the British steamer Ping Sui, from the river pool for Portland, has arrived at Shimomaki, Japan, to undergo temporary repairs as the result of her recent collision at Moji. The Ping Sui's stern has about five feet cut away. The Ben Larig lost her bowsprit and also sustained damages to her stern. The Ping Sui will proceed to Kobe.

A Skagway despatch of Saturday says: "The rate war at the upper Yukon river was begun last Wednesday when the steamer Tyrrell came out with 80 passengers at 81¢ per class, and 20 second class, from Dawson to White Horse. The White Pass steamer Columbian with cut rates landed at White Horse last night with over a hundred passengers."

An iron bark in ballast passed Carmaham inbound last evening.

DISTINGUISHED CHINESE.

Prince Tsia Chen and Sir Leung Shing Passengers For China.

The Empress of Japan, which sailed last evening for the ports of China and Japan, carried two distinguished Chinese, Prince Tsia Chen, who went to London to represent his country at the coronation of King Edward and Sir Leung Shing, recently appointed to succeed Wu Ting Fang as ambassador at Washington. Shing expected to go to Washington after attending the ceremonies in London, but changes were made in the plans and Minister Wu is to remain at Washington for a few more months, and in the meantime Shing is to go back to China. He stated last evening that he expected to return to America in December to take over the Washington office. An effort was made by the Chinese residents to have the Prince and diplomat pay a visit to this city, but they could not find the time. So Lee Mong Kow, representing the Victoria Chinese, went to Vancouver, and accompanied the travelers to this city, and while the steamer was at the Outer docks a number of the leading Chinese merchants visited the ship, pay their respects to the Prince. On Sunday the following wire was sent to Sir Leung Shing:

To Sir Leung Shing, Chinese Ambassador, Passenger on Empress of Japan, Vancouver.

The Chinese residents of Victoria extend their heartfelt welcome to His Royal Highness the Prince Tsia Chen and his suite, and respectfully hope that the Prince will honor them with a visit to this city.

Murdered By Insane Mother

Coroner's Jury Return the Only Possible Verdict in Saturday's Tragedy.

Touching Tribute Paid to Deceased Girl by Sundry School Workers.

Coroner Hart held an inquest yesterday morning into the death of Pearl Fleming, the daughter of whose awful death the hands of her demented mother were given in Sunday's paper. The verdict arrived at was the only possible under the circumstances, that Miss Fleming had been murdered by her mother, who was insane.

At the Emmanuel Baptist church on Sunday special reference was made to the tragedy of the previous day. Miss Fleming's death was the subject of a memorial service. Addresses were made by the superintendent, A. Huggett, and W. Marchant, both bearing tribute to the faithful work done for the school by Miss Fleming during her connection with the church. Two hymns, "Shall We Gather at the River?" and "Jesus, Lover of My Soul," were sung, and a melancholy intonation attached to the singing of these particular verses, inasmuch as they had been sung by the deceased at a picnic of the Sunday school held on the Arm a few days before her untimely tragic death.

The coroner's jury having viewed the remains, the first witness called was Dr. Ernest Hall, upon being sworn, he stated that on Saturday morning, between 6 and 7, he was called to 34 North Chatham street, a number of neighbors there and Mrs. Fleming in bed in a room at the rear part of the house. She was quiet and looked placid. In the sleeping apartment of the mother and daughter, in the front part of the house, on a double bed, which could be approached from either side, he found Pearl Fleming lying on the left side of the bed. There was no indication of any struggle. The bed clothes were not disturbed, and the bed in the room was evidently caused by the preparations for the daughter's departure. He found a great mass of blood on the pillow and some on the adjoining walls. He found several clotted wounds about an inch above the left eye-brow. The wounds were about an inch apart, and the skull was fractured. She was lying at this time, the pulse being fairly good and regular. The respiration was irregular, and the surface of the body pale. It was evident she had lost a great deal of blood. She was suffering from compression of the brain. There was no sign of the slightest indication that she had moved about. Witness went for the ambulance and notified the police. Death occurred just as the ambulance arrived, while Constable O'Leary reached the scene about the time she died.

The witness repeated that there was no evidence that the girl had recovered consciousness. The pillow itself was undisturbed. She was lying on her side and had held a post mortem on the body and found every organ normal outside the condition of the skull and brain. There were eight cuts on the scalp, seven sharp distinct blows with a moderately sharp instrument, and the whole left side of the skull was practically crumpled in. Seven or eight pieces of the skull came out in the post mortem, another being quite loose. There had been extensive bleeding. Death was caused by the injuries received. In his opinion, the young woman died of the sharp stroke of an axe like the one produced. He was acquainted with the deceased, and could identify the body. The injuries in any case would have caused death.

To the Chief of Police—Mrs. Fleming was absolutely irrational. She could remember nothing after the time she and her daughter went to bed. She remembered Mrs. Graham, and said she thought she was "mamma." She said she had not slept for 10 weeks. Her conversation was very disconnected, while her manner was that of a demented woman. In answer to questions by witnesses, she said a "nigger hit her," causing the marks on her head. She further said that "a big thing like a monkey wrench, as big as her head, was used to get away from mamma. I don't know what to do with her." She then told witness of her mother asking her to lie down with her and die together. On Friday Mrs. Fleming was in witness house and talked rationally. She complained of her head troubling her and said, "Sometimes it feels as if it would burst." Witnesses afterwards saw her walk up and down the yard holding her hand to her head. Then she disappeared down the cellar.

The witness added that Miss Fleming had advised her not to let her daughter go in a day with her mother for anything, and it was quite evident she was afraid of her.

Coroner Hart, in summing up, pointed out to the jury that the present case permitted of there being no doubt as to the sanity of the mother. The jury, of necessity a verdict against the mother must be returned, as the law presupposes that such crimes, when committed by people who were afterwards adjudged insane, were done in lucid intervals. Another jury would decide the question of criminal responsibility. After a short consultation, the jury returned a verdict as indicated above.

At 1 o'clock yesterday afternoon the remains of the dead girl were removed from the rooms of W. J. Hanna to the late home on North Chatham street, where a short service was held. Thence the cortege proceeded to Emmanuel Baptist church, when the Rev. Mr. McEwen, assisted by the Rev. Mr. Blyth, conducted services. The church was crowded to overflowing. The choir, with Mr. Hitt as organist, assisted with appropriate music. The following gentlemen acted as pall-bearers: Messrs. Percy Nott, Ernest Gallon, P. G. Hitt, Harry Wilson, Russell Vescott and Percy Marchant. Many beautiful floral emblems were presented.
